

Are you CRAZY about math? **Mathnasium of North Marietta** (located in the Publix shopping center on Barrett Parkway) is seeking friendly, out-going, and motivated **part-time math instructors** to work with students in grades K-12. Curriculum and materials are provided, and we train all instructors in our unique teaching methodology. Prior tutoring experience and a demonstrated propensity towards math is helpful.

Required Qualifications:

- Exceptional math skills through Algebra II (Calculus and Trig is a plus).
- Trustworthy, patient, and empathetic
- Excellent time management skills
- Enjoy working with kids
- Positive attitude
- Reliable transportation

- Instructors should be available to work approximately 2-3 afternoons a week. Our instruction hours are between the hours of 3:00 pm - 7:30 pm Monday through Thursday and 1:00 pm - 4:00 pm on Sunday; instructor shifts can be flexible to accommodate other commitments (i.e. after school clubs, sports, etc.) so we wouldn't need you to work a whole shift if you are unable to. We are located at the corner of Barrett Parkway and Bells Ferry Road (in the Publix shopping center).
- Please either click on the QR code or send an email to northmarietta@mathnasium.com; including details about your math competency and highest math class you have completed, experience teaching or working with kids, and availability during our instruction hours.
- Applicants will be required to take and pass a math assessment as part of the application process.
- This would be great work-experience to have on your college or scholarship applications.
