## Rising Juniors – Important Immunization Information

Per the Georgia Department of Public Health, effective July 1, 2021, children 16 years of age and older, who are entering the 11th grade (including new entrants), must have received one booster dose of the meningococcal conjugate vaccine (MCV4), unless their initial dose was administered on or after their 16th birthday. Please visit this link: <https://dph.georgia.gov/media/89331/download> for a summary of vaccination requirements by age.

**In accordance with this requirement, all Pope students entering the 11th grade, who will be 16 by August 3, 2026, must submit an updated Certificate of Immunization, on GA Form 3231, to the Pope Counseling Office prior to the start of the 2026-2027 school year. Students, who are not yet 16 by August 3rd will have 30 calendar days from the student's 16<sup>th</sup> birthday to provide the updated Certificate of Immunization.** Students must meet this requirement, or provide acceptable exemption documentation, for them to be/remain enrolled in school. Students requesting to be exempt from Immunization must present a signed, notarized Affidavit of Religious Objection to Immunization, DPH Form 2208.

We prefer that you upload your updated Certificate of Immunization/Affidavit of Religious Objection to Immunization to ParentVUE. Once logged in, you will click on Change My Information → Student Information → Enrollment Documents where you will be able to upload the document. Paper and emailed copies will be accepted as well.

Instead of throwing your clothes away, consider donating them to a better cause. There will be boxes near the doorways to collect *gently used clothes* (*T-shirts, pants, sweaters, jackets, etc.*) which the Humanitarian Club will then deliver to GreenDrop Charities.
